Grade Point Average Exemption

(Only for applicants who do not meet minimum GPA requirements)

All graduate programs at Alliant have a stated [grade point average minimum](#) requirement for admission. Those minimum GPA requirements may be found in the individual school or program [admissions requirements](#) . Applicants must meet the stated requirement, or submit a Grade Point Average Exemption Petition. If your GPA does not meet the minimum requirements, please write a brief statement discussing past special academic or personal circumstances explaining academic performance.

Are you affiliated with the United States Military?

Military Branch

Military Status

Are you eligible for military educational benefits?

Are you eligible for Veterans Benefits?

International Questions

Have you ever been convicted of a criminal offense
(other than a traffic violation)?

If yes, an explanation must be provided below, specifying the date of conviction, offense and disposition. Please note that a conviction will not necessarily disqualify an applicant from acceptance, but may prevent an applicant from being placed at some practicum or internship sites, and may prevent or delay some forms of professional licensure. Felony or certain misdemeanor convictions may negatively impact a student's ability to obtain licensure or to work in a chosen professional field. Such convictions may also affect Alliant International University ability to place the student at training sites or the student's ability to obtain training necessary for completing academic requirements. Disclosure is therefore needed to ensure that the student can successfully complete a program of training.

Explanation

(All Applications)

Letter of Recommendation

List two persons who will write recommendations in support of this application. The recommendations should be from references familiar with your work, your academic abilities, or your potential for scholarship and professional accomplishment. If you have been out of school for several years, please feel free to submit recommendations from persons who are familiar with you on any level of professional involvement

Your recommenders may mail in their recommendations to the Alliant Admissions Processing Center, or they may use the online reference form to submit their recommendation electronically. If they are using the paper form and mailing in their recommendation, please list their name below, but do not include an email address.

When using the online reference form to list references you must include valid e-mail addresses. Once you have completed and submitted your application, your references will be contacted directly by us via email with directions for submitting their letters of recommendation on your behalf. Keep in mind that it is your responsibility to make sure references have submitted their recommendations by the deadline.

In accordance with the Family Educational Rights and Privacy Act of 1974, you may waive your right to inspect the recommendation by selecting the "Waive Access" checkbox. Should you choose not to waive the right, you will only have access to the recommendation after you enroll in a Graduate Program at Alliant International University. We recommend that you contact your references prior to submitting your application to ensure that they will be willing to complete a letter of recommendation on your behalf if you do not waive your right to read the letter.
