

Alliant International University
California School
of Education

Dear [PARTNER NAME],

As someone who supports future teachers, you undoubtedly have concerns about how candidates will complete their program requirements during this time of uncertainty. Alliant International University is working with the CTC and has put in place solutions that will give our teacher candidates the training and experience they need to be outstanding educators, now and in the future.

Please join us for an interactive discussion with the Dean of our California School of Education, Dr. Kristy Pruitt.

Meeting name, link, time and date

During the information meeting Dr. Pruitt will share updates on:

- Innovative options for clinical practice, field experience, and performance assessments, including simulations
- Updates regarding EdTPAs, RICA, and all credential examinations
- How CSOE is supporting and will continue to support teacher candidates on their pathway to the classroom

There will also be a Q & A period.

RSVP via this link: [Alliant Information Meeting](#), and please forward this email to any colleagues who are also working with Teacher Candidates.

We thank you for your patience, your passion, and your commitment to our partnership, and look forward to seeing you at an upcoming information meeting.
